

Over four hundred and thirty-five Hasa Pool Products friends and customers were treated to a fantastic fan experience at the Douglas County Speedway in Roseburg, Oregon on June 6, 2009. The well planned event went off without a hitch.

Early in the day, several Hasa guests were treated to an exciting two-lap ride around the track with Hasa Driver Moses Smith at the wheel.

At registration, after receiving their free copy of Speedweek, ear-plugs and Hasa Race Hat, the Hasa Hospitality participants enjoyed a fully cater dinner. The fresh fruit was refreshing and the chicken scrumptious. This year's two line format shortened the wait time considerably. Everyone had plenty of time to enjoy their meal before the beginning of the race.

The Toyota/Bi-Mart 150 presented by NAPA Auto Parts was the sixth event of a thirteen-race 2009 schedule for the NASCAR Camping World Series West. The Douglas County Speedway is a .375-mile paved oval with 11 degrees banking in the corners.

When Hasa driver, Moses Smith was introduced, the Hasa section roared their approval and

support. It was nice to see the Hasa bleacher area, filled with fans wearing their Hasa hats. Smith was also well received by the fans at an autograph session in front of the Toyota display in the midway before the race.

Moses qualified the #16 Hasa Pool Products / White Flyer Toyota Camry in fourth place. After some very tight and exciting racing, Moses battled to a fifth place finish. It was a thrilling NASCAR event.
